David, thanks for your comments re/ progress made on Ivar. We are looking forward to hearing everyone's reaction when we meet again on September 18. We heard at the Sunset Board meeting this week from Amoeba that they've seen an improved situation.

With respect to some of your ideas re/ the street, we agree that Ivar has many needs. Earlier this year, the Streetscape Committee members spent the better part of a day walking the entire BID and identifying the conditions that exist on every street. Hundreds of items made it onto a punch list – with hundreds of photos.

On Ivar, we noticed the new racks, the trees, the old CRA grates and iron guards, the original "curtain" hangers, the old affixed trash cans and the street lights – which need refurbishment. We have hired a summer intern who is taking an inventory of many of these things to help guide our actions and hand over to the city. The news rack survey (covering both BIDs) is underway.

We also walked Ivar with a key management member of the Bureau of Street Lighting to see what could be done about those fixtures.

I am going to hand this over to Matthew – who can alert you to how the Streetscape Committee has prioritized this year's projects – and how to begin this conversation for next. I am copying him on this email. He has some ideas – and when we have our meeting on the 18th, perhaps we can encourage some folks to come share their ideas at this committee.

Kerry

Hello Ivar neighbors,

Dan and I are looking forward to coming together with everyone again to see how/whether the situation on Ivar has improved, and what still needs to be accomplished.

We will look forward to hearing about different things many of you have been able to do over the past month to tend to the area around your business – and we'll also hear from LAPD and BID patrol, who have been giving this area additional patrol and attention.

I think I captured everyone who was at the last meeting (or invited). Please feel free to invite a colleague if there is anyone who has been missed.

Looking forward to seeing you this Friday at 1:30 p.m. (note – original email from Dan said 1p.m. – but we will meet at 1:30 p.m.)

-----Original Appointment-----
